

timer\_set\_square

```
graph LR; A[timer_set_square] --> B[timer_get_conf]
```

A diagram showing a call from the function timer\_set\_square to the function timer\_get\_conf. The function timer\_set\_square is represented by a gray rectangular box on the left, and the function timer\_get\_conf is represented by a white rectangular box on the right. A dark blue arrow points from the right side of the timer\_set\_square box to the left side of the timer\_get\_conf box, indicating the direction of the call.

timer\_get\_conf
