

mouse\_subscribe\_int

```
graph LR; A[mouse_subscribe_int] --> B[mouse_write_cmd]; B --> C[mouse_read];
```

A flowchart illustrating a sequence of three mouse-related functions. The first function, 'mouse\_subscribe\_int', is highlighted with a gray background. An arrow points from it to the second function, 'mouse\_write\_cmd', which has a white background. Another arrow points from 'mouse\_write\_cmd' to the third function, 'mouse\_read', also with a white background. All functions are enclosed in rectangular boxes with black borders.
